Otherwise, the detergent may have already been used, and the device may have already drained washing water. Press the on-off boton, and the light will rotate Turn off the appliance using the ON-OFF button, turn off the water supply and open the door of the dishwasher. Wait a few minutes before unloading the dishwasher to avoid handling the dishes and utensils while they are still hot and more susceptible to breakage. They will also dry better. Cycle. Cycle Selection Information. Description of Cycle. Rinse AidVery dirty dishes, pots and pans (not to be used with delicate items). Normally dirty dishes, pots and pans. Drying. Economic, fast cycle to be used to on not very dirty dishes right after they are used. Pre-wash of dishes, pots and pans while waiting for the load to be completed after the subsequent meal. Short cold wash to prevent food residue from drying on the dishes. Replacement fuse covers: If a replacement fuse cover is fitted, it must be of the correct colour as indicated by the coloured marking or the colour that is embossed in words on the base of the plug. Replacements can be obtained directly from your nearest Service Depot. In any way can't Lastmanuals be held responsible if the document you are looking for is not available, incomplete, in a different language than yours, or if the model or language do not match the description. Lastmanuals, for instance, does not offer a translation service.
